

Hello, my name is Alex and I need a home.

I'm between one and two years old, neutered, and have every shot known to man. Oh, and I only weigh ten pounds, so I'm portable!

I love to cuddle and be loved and I don't eat very much. I have a wonderful Foster Mom and I hang out on the back porch on my glider most of the day, but, if anyone comes along, I'm looking to be petted and loved.

I do real well going to the bathroom outside, but, of course, I would have to develop a schedule with my new family.

Oops, almost forgot one more thing: I like other dogs and I even like cats!

Hope you can help me.

Love,
Alex
