

**The Humane Society of Caroline County, Inc.**

The Humane Society of Caroline County, Inc. (HSCC) is a non-profit organization dedicated to the prevention of cruelty and neglect of domestic animals within the county of Caroline. The HSCC is committed to the cause of animal welfare, and to public education on matters of pet ownership and responsibility. The effort to address the over population of unwanted and homeless pets is a primary concern of the HSCC.

The HSCC partners with Caroline County Animal Control, and local veterinary services, to issue spay/neuter certificates which can be purchased when an unaltered animal is adopted from the county animal shelter. The certificates are also available for purchase by those pet owners in the community who would otherwise be unable to afford the entire cost of the spay/neuter procedure. The surgical cost not covered by the certificate purchase is absorbed by the veterinary service as well as the HSCC.

The rapid growth of Caroline County, combined with a downturned economy, has increased the demand placed upon the HSCC. In order to continue its mission, and achieve its goal of ultimately establishing a no-kill shelter – the HSCC needs your HELP! Please consider becoming a member and/or contributor. All membership payments and contributions are tax-deductible. Please complete the Membership/Contribution Form below and mail it with your payment, payable to HSCC. Join us in this worthwhile cause TODAY!
